

News – February 2009

- ❖ Visit the **EACO** website – www.eacontario.com for an up-to-date list of members and other other industry-related information
- ❖ **EACO** is pleased to welcome new contractor members Krytiuk Specialty Contracting Inc. and GB Environmental Services
- ❖ **EACO** will be holding their annual golf tournament on Tuesday, September 15, 2009 at Caledon Woods Golf Club – stay tuned for complete details
- ❖ **EACO** is in the midst of preparing a document “Asbestos Assessments and Abatement Following Unplanned or Accidental Release to the Environment”, as a result of the Sunrise explosion – it will be distributed shortly. It will also be presented by Don Pinchin at the annual IAPA meeting in Toronto in April
- ❖ **EACO**'s Lead Committee, under the chairmanship of Mario Morana, recently met to discuss the issue of lead in paint - further updates will be available as the Committee continues to meet and address these issues
- ❖ The problem of duct cleaning in Type 3 sites or of duct cleaning of ducts in buildings where sprayed fireproofing has been previously removed has been raised at the Board. If you have any input on this, please contact the Secretary
- ❖ **EACO**'s Mould Committee, under the chairmanship of Glenn Smith, recently met to revise the existing **EACO** Mould Guideline – further updates will be available as the Committee continues to meet to finalize the document
- ❖ **EACO** has been active in the implementation of a new initiative to create a trade designation for Hazardous Materials Worker in Ontario. Those interested in obtaining further information on our meetings with the MOL, represented by Steve Fulford and Pete Ferrante, and the current status of this exciting new direction should attend the first Contractors Sub-Committee meeting
- ❖ **EACO**'s Pete Ferrante is heading up the ‘**EACO** Contractors Sub-Committee’ to discuss common issues and areas of concern; those contractor members wishing to take part in the inaugural meeting of the Sub-Committee are asked to contact Pete at peterf@ferrocanada.com or the Secretary
- ❖ **EACO** is looking into the possibility of sponsoring a seminar at the 2009 Construct Canada trade show, as well as booking booth space
- ❖ The MOL is having a blitz this month to inspect demolition projects and Type 3 sites. They have recently put 75 inspectors through a two day training course on Asbestos and Mould
- ❖ **Mark your calendar – Thursday, March 26, 2009 – 11:00 am at the TCA offices - EACO** has arranged for a representative from Defence Construction Canada to address members on ‘Doing Business with DCC’, as they are one of the principal procurement and contract management authorities for the Department of National Defense in meeting their operational requirements – complete details to follow in the next few days
